“ *Hello Ron I know you are in heaven. I know you feel no more pain and sickness. You have touched so many lives. I know you see how much pain my sister is in. Please give her a sign to keep going on in life. You were her world, her life, her everything. She is going to need a lot of strength to get thru this one. Let her know it's okay. I will pray to god to help her get thru this. I know you probably have everyone up there laughing. We will all share our memories about you. Until we meet again my brother Ron, Love you, Bonnie!*

“ I arrived in Miami, Fl. from Houston Texas in 1985 and met Ronnie at the first Iron working job I got here in Miami. It was so long ago I can't even remember where the job was. We started talking; which was easy with Ronnie, he was such an easygoing guy. The only car I could afford at the time was an old Gremlin. Since I barely knew my way around I told him we would ride in my car and he would do the navigating. We worked from job to job. Ronnie loved fishing, so we always would have our fishing gear with us. Good thing, because the Gremlin would overheat every so often, so we would pull over to get water from the canal; might as well do a little fishing while waiting for the car to cool down. We worked for many years together, Ronnie knew my wife & son and was part of our family. I can still remember very vividly the day I pick him up and he started telling me about the lady next door. He would go on and on about how HOT she was. Long story but in the end they ended up together. We were so happy for him. Ronnie absolutely loved Patricia, they made each other very happy. At some point Ronnie & Patricia decided to make the move to Georgia. I remember him telling me he was getting his CDL and he would start driving big rigs. I've known Ronnie for 38 years since we first met. Him & Trish being in Georgia and Judy & I being in far So. Dade, we lost contact over the years. Judy & I were devastated when we got the text from Patricia. We all get so consumed in our own lives, we take for granted that the people we love will always be there. Big mistake !!! Ronald Humes is/was a true gentleman, he would do anything for the people he cared about. Our biggest regret is not getting to spend time with him before he got sick. My only consolation is I know he is in haven at Gods side and feeling no pain.
